

## CHRISTOPHE BÉNÉ

### AREAS OF EXPERTISE

■ **Research and advisory experience:** 20+ years of experience conducting/directing interdisciplinary research and advisory work on poverty alleviation, food security, and human development in LMICs, initially through governance and science-policy interface of natural resources management; more recently through analysis of resilience and food systems, looking in particular at the sustainability and political economy of their transformation ■ Additional interests in environmental and natural resource economics ■ Expertise in quantitative, qualitative and mixed research design and methodologies; vulnerability and resilience measurement and analysis; policy (discourse) analysis; impact evaluation of policy and institutional changes ■ Field experience in sub-Saharan Africa, South and Southeast Asia, Caribbean, and Pacific.

■ **Publication:** (Google Scholar) 26,900+ citation-counts; H-index: 76 ; first-author H-index: 56 — Listed in the top 0.1 percent of the world's most cited scientists in 2022, 2023 2024 and 2025 by Web of Science in the domain of cross-field research ■ 1<sup>st</sup> most cited author in *World Development* in 2019 and in *Food security* in 2020 ■ 2<sup>nd</sup> most cited paper in *World Development* in 2016 ■ 1<sup>st</sup> most cited paper in *Development Policy Review* in 2005 and 2010, in *Journal of International Development* in 2014, and in *Food Security* in 2015 ■ 1<sup>st</sup> most cited author in IDS Working Papers (Lifetime) — 2<sup>nd</sup> most cited author in *Food Security* (Lifetime).

### EMPLOYMENT HISTORY

2015 - present	<b>Principal Scientist &amp; Senior Policy Advisor</b> – International Center for Tropical Agriculture (Cali – Colombia) – on secondment to the Food System Transition group, Wageningen University, The Netherlands (2022-present).
2010 - 2015	<b>Senior Research Fellow</b> – Vulnerability and Poverty Reduction team – Institute of Development Studies, University of Sussex, Brighton, UK.
2006 – 2010	<b>Senior Scientist</b> - Policy, Economics and Social Sciences, WorldFish Center (member of the CGIAR) Penang, Malaysia.
2003 – 2006	<b>Portfolio Director</b> Water and Fisheries resources - WorldFish Center, Regional Offices for Africa and West Asia, Cairo - Egypt.
1999 - 2003	<b>Research Fellow</b> - Centre for the Economics and Management of Aquatic Resources, Department of Economics, University of Portsmouth - UK
1997 - 1998	<b>Adjunct Lecturer</b> – SFS Center for Marine Resource Studies, Turks and Caicos Islands, British West Indies. US abroad undergraduate program accredited by the Boston University.
1992 -1994	<b>Research Associate</b> - French Institute of Research for the Exploitation of the Sea (IFREMER), Overseas Laboratory of Cayenne, French Guyana - South America.

### RESEARCH, PROJECT COORDINATION, EVALUATION

Jan 2026 – present	<b>Leader</b> of the project “Policy Sprint Labs as a pathway to enhance evidence-driven policies on food-system informal micro and small enterprises”, with field work in Ethiopia and Kenya. Project funded by FCDO (UK£ 355K).
Jan 2025 – present	<b>Lead</b> of the Workpackage “Politics and governance of food systems transformation” as part of the Better Diets and Nutrition (BDN) Science program of the CGIAR, with field work in Philippines (US\$ 210K per year).

Jan – Nov 2025	<b>Member of the Editorial Board</b> of the Resilience Science Must-Knows Initiative funded by Stockholm Resilience Centre, Global Resilience Partnership, and Future Earth.
Jan 20205 - Present	<b>Member of the Technical Advisory Committee</b> of the Program “Enhancing Marine Environmental Governance in Indonesia and the Philippines” (EMERGE) funded by ACIAR and led by the University of Technology Sydney with specific responsibility to provide technical advice on the content and protocol for the implementation of the socio-economic household surveys.
March 2025-present	<b>Member of the Food &amp; Power Initiative (FPI) Advisory Committee</b> , an inter-disciplinary group providing strategic guidance to the Coordination Team of the FPI, a UNDP global programme aiming to support countries and stakeholders to better understand, navigate and address the power dynamics of food systems transformation
Jan 2025 - present	<b>Member of the Multi-stakeholder Advisory Committee (MAC)</b> of the One Planet Network’s Sustainable Food Systems (SFS) Programme, a multi-actor partnership focused on catalyzing urgent transformation towards sustainable food systems, co-led by the Ministry of Agriculture and Livestock of Costa Rica, the Federal Office of Agriculture of Switzerland (FOAG), and the World Wide Fund for Nature (WWF).
April – Oct 2025	<b>Lead</b> the development of a “White paper on linking food systems, climate, biodiversity, nutrition, and equity agendas: emerging lessons from country experiences” commissioned by FAO co-chairing the Working Group (WG) on Support to Implementation of National Pathways from the One Planet Network Sustainable Food Systems Programme.
Jul-Nov 2024	<b>Member</b> of the Advisory Committee of the Global Center on Adaptation (GCA) Resilient Economies Index (Africa Focus). The Initiative aimed to assess the resilience of African countries’ economies by considering economic, policy and financial dimensions.
June 2024 - present	<b>Member</b> of the CSIRO-Nature Sustainability International Expert Panel on Overcoming Resistance to Transformation, aiming to identify and synthesize patterns and underlying mechanisms of resistance and transition across societal systems -focusing on agri-food systems.
2024 – 2025	<b>Member</b> of the Food System Resilience Measurement Working Group (FSRM-WG) - part of the Coordination Platform for Food System Resilience, and appointed by the Global Network Against Food Crises (funded by the European Commission, FAO and WFP) to develop a common analytical framework and guidelines for resilience measurement of food system in the context of fragile states.
Jan 2022 – Dec 2024	<b>Leader</b> of the Workpackage ‘Governance and political economy of food system transformation’ of the ‘Sustainable and Healthy Diet through Food system Transformation’ Initiative (SHiFT), with fieldwork and partners in Bangladesh, Ethiopia, and Vietnam, and funded by CGIAR (US\$ 0.8M per year).
June 2022 – Aug. 2024	<b>Member of the Technical Advisory Group (TAG)</b> on agrifood systems transformation leading to the preparation of the FAO methodological guidance on ecosystem restoration and sustainable agrifood systems through a systems approach.
June 2021 – May 2025	<b>Co-leader</b> of the Project “People-centered Food Systems: Fostering Human Rights-based Approaches” funded by the Global Programme Food Security of the Swiss Agency for Development and Cooperation (SDC), with fieldwork in Cambodia, Ethiopia, Honduras and Uganda (US\$ 1.65M).
Sept 2021-March 2022	<b>Member</b> of the International Initiative for Impact Evaluation (3ie) Resilience External Advisory Group. Advice on key decisions regarding the scope of the Evidence gap map (EGM) to be produce by 3ie, including refining the scope and definitions of key concepts.
May 2021 – April 2023	<b>Co-leader</b> of the Project “Measuring Food Consumed away from Home in a rapidly transitioning World” funded by the program Innovative Methods and Metrics for Agriculture and Nutrition Actions (IMMANA) with fieldwork in Burkina Faso and Vietnam (UK£ 250K).
June 2020 – June 2022	<b>Co-leader</b> of the project “Assessing local food systems’ resilience in conflict-affected areas” funded under the ‘CGIAR-French Institutions cooperation’ initiative with WFP, CIRAD and INRAE as partners and fieldwork in Burkina Faso (€ 220K).
Jan 2021 – June 2021	<b>Leader</b> of the project ‘Problem framing, political economy of knowledge and science narratives around food system transformation’ as part of the Montpellier Advanced Knowledge Institute on Transitions (MAK’IT) initiative.

Jan 2020 – Dec 2021	<b>Co-leader</b> of the project “Sustainable Food System Country Profiles for Low- and Middle-Income regions” funded by the Swiss Federal Office for Agriculture with field-testing in Bangladesh, Ethiopia and Honduras (US\$ 1,05M).
Jan 2020- Dec 2021	<b>Scientific coordinator</b> of the Policy Institution and Market small grant on ‘Food system Transformation – Beyond the political economy of Protein Transition’ with collaborators in Wageningen University and the Centre for Food Policy - City, University of London.
Oct 2019 – March 2020	<b>Team leader</b> of the ITAD evaluation team commissioned by DFID to conduct the Endline of the US\$50 million Sahel Adaptive Social Protection Program implemented by the World Bank in West Africa: Senegal, Mauritania, Burkina Faso, Mali, Chad, Niger (£150,000).
2017 - 2021	<b>Co-leader</b> of the Cluster of Activities “Policy process analysis and policy engagement” of the Food System for Healthier Diet flagship programme, funded by the CGIAR under the Agriculture for Nutrition and Health programme, with field work in Vietnam, Bangladesh, Nigeria, and Ethiopia (circa US\$ 750,000 per year).
2017 – 2021	<b>Leader / scientific coordinator</b> overseeing CIAT team’s research input in the Food System for Healthier Diet flagship programme (US\$ 650,000 per year; 20+ full- or part-time senior and junior international researchers).
Jan 2018 – Feb 2019	<b>Team leader / project coordinator</b> of the CIAT team commissioned by IFAD to implement the “Strategic Support on mainstreaming nutrition in IFAD's investments” in Asia and West Africa with field work in five countries (Bangladesh, Niger, Nigeria, Burkina Faso, and Vietnam) (US\$ 400,000).
Aug 2017 – March 2018	<b>Team leader</b> of the impact evaluation of the SUR1M project (Scaling-Up Resilience to Climate Extremes for over 1 Million People in the Niger River Basin) in Niger – implemented as part of the Evaluation Activity (EA3) led by Itad and funded by UK Government DFID under the BRACED programme.
2016 - 2018	<b>Senior evaluation expert</b> (subcontracted by TANGO International) to contribute to the Resilience Monitoring, Evaluation, Assessment, Strategic Analysis and Capacity Building Associate Award (REAL) – including the design and implementation of the mid-term evaluation and the recurrent monitoring survey of USAID-funded Resilience in the Sahel-Enhanced (RISE) project in Burkina Faso.
Aug 2015 – March. 2018	<b>Team leader</b> of the ITAD evaluation team commissioned by DFID to conduct the Baseline and Mid-term review of the Adaptive Social Protection Program implemented by the World Bank in West Africa: Senegal, Mauritania, Burkina Faso, Mali, Chad, Niger (UK£ 500,000).
Feb. - April 2016	<b>Senior Expert</b> commissioned by USAID to develop the resilience baseline module of the new Food for Peace Programme in Bangladesh to be run under the SHOJARDO III, Nobo Jatra and SAPLINGS projects (2016-2021).
Aug. - Dec 2015	<b>Lead researcher</b> of the team appointed by WFP to conduct the ex-post impact evaluation of the programme "Enhancing Resilience to Natural Disasters and the Effects of Climate Change (ER)".
Mar 2014 – Aug. 2015	<b>Team leader</b> commissioned by the FAO to conduct the study 'Social protection and sustainable natural resource Management: initial findings and good practices from Small-scale fisheries'.
Aug. 2014	<b>Member of the evaluation team</b> commissioned to produce the "Strategic Review and Reconceptualization of WFP’s Disaster Risk Management and Resilience Portfolio in Bangladesh".
Mar 2013 – Jul. 2014	<b>Project co-leader</b> of the ‘Technical assistance to support UNICEF and the government of Chad to develop and implement social protection in Chad – project funded by UNICEF (US\$ 287,000).
June 2013 - April 2014	<b>Team Leader</b> appointed by the High Level Panel of Experts to produce the “Report on the Role of Sustainable Fisheries and Aquaculture for Food Security and Nutrition” for the Committee on World Food Security.
May 2013-Aug 2013	<b>Leading co-author</b> of the chapter 3 ‘Understanding Resilience for Food and Nutrition Security’ as part of the 2013 Global Hunger Index: the Challenge of Hunger: Building Resilience to Achieve Food and Nutrition Security. Bonn, Washington, DC, and Dublin: Welthungerhilfe, International Food Policy Research Institute, and Concern Worldwide.
June 2013-Feb. 2015	<b>Member</b> of the Resilience Measurement Technical Working Group (RM-TWG) appointed by the WFP, FAO and the Food Security Information Network (FSIN) to develop a common analytical framework and guidelines for food and nutrition security resilience measurement.

Sept 2013 -May 2014	<b>Project leader</b> to the project “Impacts of Climate Change on Food Security and Nutrition in Bangladesh” Research Project co-funded by IFAD and WFP, with fieldwork and partners in Bangladesh.
Sep. 2013 – Nov 2014	<b>Lead researcher</b> of the team appointed by the World Food Programme to conduct the study on the "Impact of climate-related shocks and stresses on nutrition and food security in rural Bangladesh".
March-April 2013	<b>Member of the expert team</b> commissioned by the UK-DFID to conduct a global scoping assessment of “Fisheries and aquaculture and their potential roles in economic growth, food security and nutrition: an assessment of the current evidence”.
Oct 2012 – Dec. 2014	<b>Project leader</b> of “‘Tangled in their own (safety)-nets?’ Resilience, adaptability, and transformability of small-scale fishing communities in the face of the World fisheries crisis” - research project funded by the UK DFID-ESRC joint scheme programme on Poverty Alleviation, with fieldwork and partners in Ghana, Sri Lanka, Vietnam, and Fiji (UK£ 411,000).
April 2012 – Dec 2014	<b>Leader</b> of the work-package “Assessment methodologies, indicators and framework” as part of the Project “Aquaculture for Food Security, Poverty Alleviation and Nutrition” funded by the European Union (FP7) (Project Coordinator: Food and Agriculture Organization), with 18 national and international partners (€ 1M)
Jan 2012 – Sept. 2014	<b>Co-leader</b> of “Social protection and climate change adaptation: convergence and transformation” - research project (UK£98,000) funded by the Irish Aid as part of the programme partnership between IDS and Irish Aid on hunger reduction and climate change adaptation.
Nov 2012 – Dec 2013	<b>Co-leader</b> of the project “Exploring the potential and limits of the resilience agenda in rapidly urbanising contexts” funded as part of the Horizon Scanning initiative by IDS (UK£ 65,000).
Oct 2012	<b>Member of the expert team</b> commissioned by the OECD to produce the review “Social Protection and Climate Change” for the OECD DAC’s Task Team on Social Protection.
May –Sept 2012	<b>Member of the expert team</b> commissioned to conduct the Strategic assessment of aquaculture potential in Haiti. Project funded by the EU-ACP II Programme.
March – July 2012	<b>Scientific collaborator</b> to the Project “Adaptive Social Protection and Migration” funded by DFID (Project Coordinator: Global Studies Group, University of Sussex), with fieldwork and partners in Ethiopia, Kenya, Malawi and Tanzania.
2009 – 2012	<b>Scientific collaborator</b> to the Project “Governing Small-scale Fisheries for Wellbeing and Resilience: A Canada-WorldFish Center Collaborative Research Program” - funded by the Canadian International Development Agency, with partners in Canada and Vietnam.
Dec 2011 - March. 2012	<b>Member of the expert team</b> commissioned by the UK-DFID to conduct the study “Towards a “Climate Smart” TASAF: Scoping Study on Mainstreaming Climate Change into Tanzania Social Action Fund Productive Safety Net (TASAF III)”.
Jan- March 2011	<b>Expert</b> commissioned by the World Bank to organise the international workshop ‘Making Social Protection Work for Pro-Poor Disaster Risk Reduction and Climate Change Adaptation’ (14-17 March 2011, Addis Ababa) cofounded by the World Bank and UK-DFID
2010 – 2013	<b>Scientific collaborator</b> to the Project “Co-viability modeling of fisheries and marine biodiversity” funded by the French National Research Agency (Project Coordinator: National Centre for Scientific Research (CNRS-France) and National Museum of Natural History of Paris, project implemented by 5 International Advanced Research Institutes), with case studies in Solomon Islands, French Guyana, Australia, and France.
Jan 2011 – Nov. 2012	<b>Programme leader</b> of “Adaptive Social protection in the context of Agriculture and Food security” - research project funded by the UK Department for International Development (£463,000).
June - Oct. 2011	<b>Leader</b> of the IDS team commissioned to conduct the external evaluation of the Wetlands Alliance Programme, a US\$5.6 million programme operating in Cambodia, Lao PRD, Thailand and Vietnam, funded by the Swedish International Development Agency.
Oct 2009 – March 2010	<b>Leader of the team</b> commissioned by the Word Bank to design the fishery module of the “Living Standards Measurement Study-Integrated Surveys on Agriculture” in Sub-Sahara Africa, with pilot surveys in Malawi and Uganda (US\$100,000).

- Jan – Oct 2010 **Member of the international expert team** commissioned to conduct the collective expertise “Which strategy on marine biodiversity” commissioned by the French Institute of Research for the Exploitation of the Sea (IFREMER).
- July – Oct 2009 **Member of the external expert team** commissioned by the UK Government Office for Science to produce the Inland Fisheries Assessment for the “UK Foresight initiative on the Future of Food – Theme Issue ‘Food security: feeding the world in 2050’”.
- Jan. 2008 – Dec 2009 **Project leader** of “Participatory diagnosis and adaptive management of fisheries to strengthen livelihood resilience and improve water productivity in the Niger River Basin” - research project funded by the Challenge Programme on Water and Food (US\$500,000), with fieldwork and partners in Nigeria, and Mali.
- Jan. 2006 – Sept 2009 **Project leader** of “Food security and poverty alleviation through improved valuation and governance of river fisheries in Africa” - research project funded by BMZ (German Economics Cooperation) (€800,000), with fieldwork and partners in Nigeria, Cameroon, Niger, Malawi, Zambia, and South Africa.
- 2006 - 2008 **Scientific collaborator** to the Project “Global change, dynamics of exploited marine biodiversity, and viability of fisheries” funded by the French National Research Agency (Project Coordinator: French Institute for the Exploitation of the Sea, project implemented by 7 European Advanced Research Institutes).
- Jan. 2006 – Jul. 2008 **Member of the external expert team** commissioned to produce the FAO Fisheries Technical Report “Towards integrated assessment and advice in small-scale fisheries: principles and processes” Department of Fisheries, United Nations Food and Agriculture Organization.
- March 2005 – June 2009 **Project leader** of “Improved fisheries productivity and management in tropical reservoirs” - research project funded by the Challenge Programme on Water and Food (US\$1.2m), with fieldwork and partners in India, Egypt, and Ghana.
- 2005 - 2008 **Scientific advisor** to the Project “Conceptualisations of poverty in small-scale fisheries research” funded by the Norwegian Research Council (Project Coordinator: Ch. Michelsen Institute, Bergen Norway, including 2 Advanced Research Institutes and 3 sub-Saharan National Research Centers in Zambia, Malawi and South Africa).
- Mar. 2005 - Aug. 2006 **Invited co-author** of the chapter “Inland Fisheries, Aquaculture and water productivity” commissioned by the Comprehensive Assessment on Agricultural Water Programme
- 2004 - 2006 **Scientific collaborator** to the Project “Models for sustainable management of biodiversity under uncertainty and global dynamics” funded by the French Institute for the Biodiversity (Project Coordinator: the International Research Centre for the Environment and Development CIRED), project implemented by 6 European Advanced Research Institutes).
- Jan. 2004 – Jul. 2004 **Lead expert** commissioned to produce the FAO Fisheries Technical Report on “Increasing the contribution of small-scale fisheries to poverty alleviation and food security” Department of Fisheries, United Nations Food and Agriculture Organization.
- Dec. 2003 –Jan. 2004 **Expert** commissioned by the Challenge Programme on Water and Food to lead the Review on “Governance, co-management and participation in fisheries small-scale in Developing Countries”.
- Feb.-April 2004 **External expert** commissioned by the FAO Advisory Committee on Fisheries Research to write the FAO Fisheries Circular “Small-scale fisheries: assessing their contribution to rural livelihoods in developing countries”.
- June – July 2003 **Member of the expert team** commissioned for the “Review of fisheries management performance in Developing Countries, with particular reference to issues of policy and governance” prepared for the EU-ACP Fish II Programme Feasibility Study Support Unit for International Fisheries & Aquatic Research (SIFAR) Department of Fisheries, United Nations Food and Agriculture Organization.
- May – Nov. 2003 **External expert** commissioned by the FAO to write the background paper “Role of small-scale fisheries in multiple use of coastal, estuarine and inland waters” for the FAO Advisory Committee on Fisheries Research Working Party: Increasing the sustainable contribution of small-scale fisheries to food security and poverty alleviation. United Nations Food and Agriculture Organization, Bangkok Nov 11-13, 2003.

Feb. – Sept. 2003	<b>Member of the expert panel</b> commissioned by the French Institute for Biodiversity (IFP) to elaborate the “Sectoral Strategy on Biodiversity” as part of the “National Research Strategy for Sustainable Development Report” for the French Ministry of Economy and Sustainable Development and the Ministry of Research and New Technology (document in French).
Jan. – Feb. 2003	<b>Member of the expert panel</b> commissioned for the “Review of River Fisheries Valuation in West and Central Africa Water”, as part of the Ecosystems and Fisheries Review Workshop, Phnom Penh, 15-17 February 2003.
2002 – 2003	<b>Project collaborator</b> of the "Study of the Contribution of Fish Marketing to Livelihoods in the Countries of the Lake Chad Basin: Cameroon, Central African Republic, Chad, Niger and Nigeria". DFID-FAO Sustainable Fisheries Livelihoods Programme (SFLP) West Africa, United Kingdom Department for International Development (DFID) and United Nations Food and Agriculture Organization.
Jan. – Mar. 2002	<b>Member of the expert panel</b> commissioned by the European Commission (DG-DEV) and SFLP-FAO for the Background Paper “Major issues affecting the livelihoods of communities dependent on fisheries in West-Africa” for the EC Working Group on Fisheries Development Issues.
April 2002 – Jul. 2003	<b>Project leader</b> of "Policy Research for Sustainable Shrimp Aquaculture in Asia. A Comparative Analysis with particular reference to institutional and socio-economic aspects" - research project funded by the European Commission INCO-DEV (€840,000), with fieldwork and partners in Bangladesh, India, Thailand, and Vietnam.
Nov. 2001 – Feb. 2002	<b>Member of the FAO/SIFAR/CEMARE expert panel</b> commissioned for the DFID Scoping Study "Design of a research Programme on the social and economic value of the aquatic resources of the Lower Mekong Basin", United Kingdom Department for International Development.
Feb. 1999 – Mar. 2002	<b>Project co-leader</b> of "Sustainable development of Africa Continental Fisheries. A regional study of policy options and policy formation mechanisms for the Lake Chad Basin" funded by the European Commission INCO-DC (€680,000), with fieldwork and partners in Chad, Nigeria and Cameroon
2001	<b>Coordinator and Scientific co-editor</b> of "Small-Scale Fisheries, Poverty and the Code of Conduct for Responsible Fisheries", DFID/FAO Sustainable Fisheries Livelihoods Programme (SFLP) West Africa, United Kingdom Department for International Development and United Nations Food and Agriculture Organization
Jan. – Mar. 2001	<b>External expert</b> commissioned by the European Commission (DG-Fisheries) to produce the Report “Synthesis of use and development of methods for the evaluation of socio-economic contributions of fishing activities” as part of the Supportive Measure AXES “Research orientations for the development of new tools and models to evaluate the contribution of aquaculture and fishing activities to the development of coastal areas and their socio-economic interactions with other competing sectors”.
Dec.1995 - Mar.1996	<b>Member of the expert panel</b> commissioned by the French Ministry of Over-Seas Territories to prepared the Report on the “Analysis of the crisis of the French Guyana shrimp fishery”. Project CORDET N°93D001 [document in French]
Jan. - April 1995	<b>Expert</b> commissioned to prepare the report on “Shrimp stocks of the Guyano-Brasilian shelf and analysis of the recruitment variability of the shrimp <i>Penaeus subtilis</i> . European Union FEDER Contract N°900309004

## EDUCATION

1994-1997	<b>Ph.D. in Environment and Life Sciences</b> University of Paris VI, France – Thesis [in French]: "Dynamics and adaptation of a system to ecological and economic disturbances: Analysis and dynamic modelling; The French Guyana shrimp fishery case study" ( <i>Highest distinction</i> )
1990-1991	<b>Post-Graduate Diploma in Development Economics</b> School of Development Studies - University of East-Anglia Norwich, UK
1991-1992	<b>M.Sc. in Marine Environmental Sciences</b> , Department of Marine Ecology - University of Aix-Marseille II – France
1989-1990	<b>European Exchange Erasmus Certificate in Environmental Sciences</b> School of Environmental

Sciences - University of East-Anglia Norwich – UK

1988-1989 **B.Sc. Degree** University of Aix-Marseille II – France**PUBLICATIONS** (Google Scholar): 26,900+ citation-counts - H-index: 76 - first author H-index: 56**Peer-reviewed articles**

## OTHER SKILLS AND EXPERIENCES

### **Under-graduate Teaching (US) (1998-1999)**

- Principles of Resource Management (EE 374)
- Environmental Policy & Socioeconomic Values (EE 302)
- Directed Field Research (EE 491)

### **Post-graduate teaching (UK) (2010-2014)**

- Lecturing and dissertation supervision in the IDS MA 'Poverty and Inequity'
- Lecturing in the IDS MA 'Decentralized and Local Government'
- PhD Supervision

**Manuscript reviewer:** Lancet, Nature Food, World Development, Global Food Security, Climate and Development, International Journal of Disaster Risk Reduction, Ecological Economics, Global Environmental Change, Development Policy Review, Food Security, Journal of Development Studies, Human Ecology, Review of Development Economics, Environmental Science and Policy, Conservation and Society, Biological Conservation, Environmental Management, Fisheries Management and Ecology, Natural Resource Modelling, Journal of the Commons, International Journal of Sustainable Development and World Ecology, Journal of Ecology and Society, Maritime Studies, Development Southern Africa, African Journal of Agricultural Research, Natural Resource Forum, GeoForum.

**Languages:** French (Native), English (Fluent), Spanish (Basic)
